JULY NEWS

Supervisors Summit (via ZOOM) – July 28-29. Registration is open!

The 2020 Supervisors Summit is a two-day online conference designed for UT supervisors and managers to address critical supervisory and leadership skills and topics. Please note: This seminar is designed specifically for those who serve in supervisory/management roles. You must supervise regular employees to be eligible. Are you a supervisor but still can't see the event in K@TE? Let us know--we can help! uteod@tennessee.edu

Click on the K@TE logo to register or to view the calendar of our other online summer classes.

A new certificate, available for a limited time only in K@TE: “Recognizing and Mitigating Unconscious Bias.” This 1.5 hour training (worth two credit hours if you agree to share what you’ve learned with at least three other people) will only be accessible through the end of September, so seize the day!

In addition to the on-demand virtual resources on bias that can be found in K@TE, training on implicit bias and cross-cultural communication is also available from the TN Language Center. For more information, call (615) 741-7579 or email info.languagecenter@tennessee.edu.
