

# TYPES OF LEARNING - DEFINITIONS

Curriculum: Multiple learning objects that are offered as a package to provide a blended learning experience.

Online Class: An electronic course that is completed online within the K@TE system.

Instructor-Led Training Event: Any type of live training - whether virtual or in-person - that is led by an instructor.

Material: An electronic reference document or resource that is available in the K@TE system.

Video: A video file that is viewed within the K@TE system.

Test: A training item that measures a learner's knowledge and understanding of a topic within the K@TE system.

# TYPES OF LEARNING - DEFINITIONS

Instructor-Led Training Session:  
A specific, scheduled instance of  
an instructor-led event that is  
held live.

External Training: Training that is  
taken outside of the K@TE system  
and recorded for "HR 128 Training  
Credit" purposes.

Playlist: A curated list of learning  
opportunities that learners can  
follow.

**Future for K@TE!**
